

How to prevent frown lines and crow's feet from forming

Wrinkles on the forehead and at the corner of our eyes – frown lines and crow’s feet – can be annoying so how can we prevent them?

Frown lines and crow’s feet wrinkles form as we move our facial muscles; frown lines when we frown and crow’s feet when we smile or squint our eyes.

With age, frown lines and crow’s feet can become permanent. If we want to prevent frown lines and crow’s feet from forming, there are aesthetic treatments that can help.

Learn more in this video with Dr.Priyanka Chadha, a plastic surgeon based in the UK.
